

How to Adjust Labor Units

Last Modified on 10/05/2018 11:14 am EDT

Underneath a product's image and name, you will see two buttons displayed. The smaller black one, marked with a paper/pencil icon and a plus (+) sign, will add the product to your list, while the larger one on the left with the product number listed inside of it (marked in the below image) will take you to the product page.

Illuminated Door Sills - A3

\$590.00

AB12345678987

Most of the information on this product page is set by your manufacturer, such as product size, specifications and labor units. You are now able to adjust labor units from their default value, in case an add-on or accessory requires more or less labor to install onto a vehicle in addition to the labor rates listed.

Illuminated Door Sills - A3

This fits your 2017 Audi A3

Part Number: **8V4071300**

The Illuminated Door Sills are an eye-catching addition to the inside of the vehicle, featuring an illuminated A3 logo in the door sill trims. Powered by an integrated battery, the Illuminated Door Sills require no connection to an onboard power supply, resulting in a quick, easy installation.

The Illuminated Door Sills are activated by a magnetic switch. Set includes Illuminated Door Sills for all four doors.

PRICE **\$ 590.00**
